# INTRODUCTION

## AND

## GENERAL INDEX

SACRAMENTO DIRECTORY CO., publishers of the Sacramento Suburban Directory, present to subscribers and the general public, this the 1963 edition of the Sacramento Suburban Directory.

Confidence in the continued growth of the Sacramento Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the Sacramento Suburban Cities to the world.

The enviable position occupied by SACRAMENTO DIRECTORY CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sacramento Suburban Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYER'S GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyer's Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Sacramento Suburban, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the Sacramento Suburban Cities is the second major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the Sacramento Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the cities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for the Sacramento Suburban Cities, Arden, Carmichael, Del Paso Heights, Fair Oaks, Foothill Farms, North Highlands, North Sacramento and Town and Country, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers as supplied to us on the canvass opposite the name.

IV. THE NUMERICAL TELEPHONE DIRECTORY for the Sacramento Suburban Cities, is the fourth major department, printed on blue paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of the Sacramento Suburban community.

### The Directory Library

Through the courtesy of the publishers of the Sacramento Suburban Directory, a Directory Library is maintained in the Sacramento Public Library for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

## THE AREA IN GENERAL

The north area of Sacramento County is only in its beginning as a great urban region—authorities declare. Curve of population increase is steadily mounting on heels of an influx of 145,000 new residents the past 10 years—brought by the area's attractions, including country atmosphere and fine climate.

Several populous centers with all urban facilities have been newly created in the past decade, some are continuing the trend. Many of the thousands of employees in California State offices in Sacramento, as well as workers in the Capitol City's businesses and industries commute to the north area.

The area extends from flat lands bordering the American and Sacramento Rivers into rolling hills in its northern and eastern portion.

## HISTORICAL LORE

Much of what is now the north area was included in two huge ranchos, the Rancho Del Paso and Rancho San Juan, Mexican grants. The Del Paso was deeded by John A. Sutter to Eliab and Hiram Grimes and John Sinclair on August 10, 1853, and the San Juan was granted by Governor Micheltorena to Joel P. Dedmont on December 24, 1844.

John Marshall stopped in the area in 1848 to announce his discovery of gold at Coloma. Mary Sinclair, first white woman to locate in the Sacramento Valley, established her home in the North Area.

When James Ben Ali Haggin, a Kentuckian, acquired the Rancho Del Paso in 1860, he stocked it with the finest thoroghbred stallions and brood mares in the world—as many as 600 at one time. The ranch produced some of the best known horses in America in the late 19th and early 20th century. Including Salvatore.

In addition to Arcade Boulevard, named after the "arcade" of buildings on Haggin's ranch, early area history is preserved in other street and district names, including Del Paso ("The Ranch of the Pass"); San Juan; Carmichael, honoring Daniel Carmichael, founder of the Carmichael Colony; Greenback Lane, originally near a long-extinct railroad right-of-way and named for the then little greenback money used as payroll by the railroad; Ben-Ali and Hagginwood, for James Ben Ali Haggin.

## DISTRICTS—GREATER NORTH AREA

## ARCADE

Includes a number of particularly attractive residential sub-divisions and the widely known Del Paso Country Club. The Arcade Square business and professional section is one of the newer and more attractive business centers in the area. Arcade was for years a cattle ranching and horse raising area and the Central Pacific Railroad had an Arcade station as early as 1868; but the homes of the districts 35,000 to 40,000 residents are as new and modern as tomorrow.

## ARDEN

Is an extensive residential area of the best modern suburban type, extending for seven miles in the vicinity of the historic American River. It contains a remarkable number of bright new retail shopping centers, including Arden Town, Arden Plaza, Arden Way, Del Paso Manor, and the El Camino Shopping Center. Banks of the American River are scenes of numerous picnics.

## BEN ALI

A triangle-shaped district bounded by the Southern Pacific right-of-way on the west, Ethan Way on the east, and Arden Way on the south, except for an extension south of Arden Way to the Freeway at the extreme southwest corner. On both sides of the freeway are two of the Sacramento area's principal industrial parks. Also in the district are two large-scale, ultra-modern hotel-motels, The Sacramento Inn and The El Dorado, and the huge Sears retail complex, the largest property occupied exclusively by a Sears-Roebuck & Co. operation anywhere in the world. Newly completed is the Hale's Department Store, built at a cost of $7,000,000. It is the largest in Northern California excepting the San Francisco Bay area. Adjacent is the area's newest gigantic shopping center, Arden Fair. To the north and east of this is one of the area's fine new residential districts. Directly to the south is the 1,065-acre site of what is designed to be the foremost state fair in the United States, the California State Fair and Exposition.

## CARMICHAEL

One of California's most unique and colorful communities, with modern shopping centers and giving atmosphere and hospitality of the old west as personnel wear western attire. Homes are located on unusually large sites. A large, attractive community center and club house, and the Veterans' Memorial Building, are located in Carmichael Park, which is also the site of a new public swimming pool. Special events include the Carmichael Fall Festival, barbecue, rodeo, street dance, and parade, and the Western Fair.

## CITRUS HEIGHTS

An extensive business, residential, and semi-rural region comprising the northeast portion of the north area. Citrus Heights has two principal shopping centers, one at Sylvan Corners (Auburn Boulevard) and one at Mariposa Avenue and Watson Way. Its attractions include Rusch Memorial Park, and one of its major annual events is the Garden Club Fall Flower Show.

## COUNTRY CLUB CENTRE

Country Club Centre, with its tall palms, striking buildings, and attractive mall and surrounding satellite shopping segments constitute one of the most pretentious shopping complexes in California. Noteworthy are conveniently arranged parking areas accommodating 35,000 cars daily. Flower Shows, and civic activities are among special events at the centre, and square dances on the mall are regular Friday evening events during summer months. Included in the complex surrounding Country Club Centre is Country Club Plaza and Gourmet Lane; the mammoth Weinstock-Lubin store and Country Club Bowl, huge amusement center.

## DEL PASO HEIGHTS

Has two principal business sections, one at Marysville Road and Grand Avenue and one at Rio Linda Blvd. and Grand Avenue, both constantly developing in pace with the growth of the district. In the midst of the district's extensive residential area is the spacious campus of Great Union High School. Connecting is the prosperous business-residential and small farms community of Robla.

## FAIR OAKS

Is a dispersed, uncrowded, suburban and ranching community surrounding central business blocks, located in rolling, tree-studded country, the first foothills of the Sierras, on the bluffs of the American River. Added beauty is given by olive, orange, and almond groves. Aerojet Corporation, and other new industries, two gravel plants, an olive cannery, the Natomas gold dredge and Mather Field, are nearby sources of employment. It has several fine community and organization buildings, a civic center park and playground, and a park board supervised swimming beach on the American River. Nimbus Lake is close at hand.

## NATOMAS

An extensive section of homes and small farms near the confluence of the American and Sacramento Rivers. In Northgate section are some of the finest new residential subdivisions in the area. The district affords ample room for many more large, desirable home-sites and sub-divisions. Beautiful homes line the north shore of the Sacramento River, along which are also located several yacht harbors. The northern portion includes some of the finest agricultural land in California. In this area is the site for the planned multi-million dollar "Jet Age" Airport which will serve Sacramento and adjacent counties. The Natomas area is expected to be area's next major growth section.

## HAGGINWOOD

A suburban residential and business community convenient to the larger business districts, notable for its unhurried aspect. Lofty trees and many winding residential streets provide a pleasing setting. One of its beauty spots is Hagginwood Park, site of the commodious Hagginwood Community Club House, including the new public library. In the early days the present Hagginwood District was the home of the three-quarter century old ranch house which was the home of the superintendent of the Haggin Ranch.

## NORTH HIGHLANDS

Is one of the newest and most rapidly growing communities in California. North Highlands adjoins McClellan Air Force Base. An increasing number of bright new shopping centers serve needs, others are under construction. Larchmont and Strizek Parks and the Capehart Housing Village continue under development, will include community and recreational facilities. Noteworthy of the type of development is that this community alone now has 18 churches, all established in the past 6 years. Underway on 3,000 acres is the immense Bohanon $10,000,000 integrated residential, commercial and industrial development. Four-lane divided highways take the North Highlands residents to downtown and mid-town Sacramento in minutes.

## NORTH SACRAMENTO

An incorporated city of 14,300 persons, is a thriving residential, business and industrial center with all urban services and facilities in a suburban environment. It has four industrial parks and an industrial section under constant expansion. Its principal business section follows lengthy and wide Del Paso Boulevard. Its facilities include 7 parks, the Woodlake Swimming Club, a Civic Center, several lodge and organization buildings. North Sacramento has a wide variety of active organizations and service clubs.

## ORANGEVALE

Oldest recorded "colony" in the State formed basis for this extensive unincorporated region in the northeast portion of the area, with its attractive residential and semi-rural section. Several huge subdivisions are under development. It includes two principal business sections on an adjoining Greenback Lane, one at Main Avenue and one at Hazel Avenue. It is a principal gateway for Nimbus and Folsom Lakes. Among its annual events are the Youth Carnival in August and the summer regatta on Nimbus Lake.

## RIO LINDA-ELVERTA

Is a rich rural and residential area, surrounding towns of Rio Linda and Elverta. Rio Linda is the center of one of the principal poultry areas in the west and includes hatcheries, breeding farms and processing facilities for both chickens and turkeys, feed mixing and sales, and egg marketing. Elverta is a center for rice and grain, with extensive orchards to the east. Elverta's large swimming pool is a popular spot.

## TOWN and COUNTRY VILLAGE

Widely-known Town and Country Village shopping center, with its distinct California Mission-rustic architecture, the smart, new neighboring Taylor Shopping Center and a number of large garden-court apartment buildings are a part of a great array of business, professional, restaurant-entertainment and apartment structures spreading out from the traffic hub of Fulton and Marconi Avenues. These are surrounded by sections of fine homes. One of the attractions of "The Village" shopping center are the fashion shows each Wednesday and Friday at the Chuck Wagon. Fulton Avenue has become renowned for its numerous excellent restaurants offering a wide variety of cuisine.

## FAIR OAKS

(Courtesy Chamber of Commerce)

Location—Sixteen miles northeast of Sacramento on the north bank of the beautiful American River, two miles north of U. S. Highway 50.

Population—1962 population 19,000. Population growth continued rapid.

Government—Fair Oaks is unincorporated, with Sacramento County providing roads, police (a resident deputy sheriff), and other services. Local government is by self-governing districts—fire, park, school, cemetery, sanitation and water.

Industry—Two gravel crushing plants are the largest local industries. Thousands of local residents, however, are employed by the Aerojet-General rocket plant four miles away, a Douglas Aircraft plant McClellan Air Force Base (which has 14,000 civilian employees), Mather AFB, the State of California, and private business in Sacramento and locally.

Schools—Fair Oaks has three elementary schools, and is served by two high schools. The San Juan Unified School District is one of the best in the state, noted for its high scholarship standards and its fine music department.

Churches—There are many churches in Fair Oaks, including the Presbyterian, Methodist and Baptist Churches, all with new buildings erected or in process; Faith Lutheran, with a new parochial school; Bible Baptist, St. Mel's Catholic, and L.D.S. (Morman) Church and Kingdom Hall.

Services—Fair Oaks has a modern fire department, with a paid staff of three men and volunteer firemen to assist. Its water supply is excellent, with seven deep wells and all the water it can use from Folsom Lake. It is served by inexpensive power from the Sacramento Municipal Utility District and natural gas from PG&E. Served by 2 banks, Bank of America and Crocker-Anglo National Bank.

Recreation—Next door to Nimbus Dam and Lake, and only a few miles from Folsom Lake, Fair Oaks is destined to become a great recreational center when these lakes are developed as State Parks. In addition, Fair Oaks has a beach on the banks of the American River, and several local parks and playgrounds.

## CARMICHAEL

"There Are No Strangers In Carmichael"

(Courtesy Chamber of Commerce)

(The Carmichael Chamber of Commerce is located at 5908 Stanley Ave., Carmichael)

Location—Carmichael, located about ten miles northeast of Sacramento, the Capital of California, is a semi-rural community designed by nature to be a place for gracious, leisurely country living. It encompasses over one-hundred square miles of which an extensive area borders the beautiful American River. Slightly rolling hills weave their way backward from the river, with the Sierra Nevada Mountains to the Eastward. The terrain provides an ideal and cultured setting for quiet living, with schools, churches, recreational areas, and required business establishments available. It is ideally situated for those working in Sacramento, McClellan Air Force Base, Mather Air Force Base, Aerojet-General Plant, Folsom Dam, Nimbus Dam as well as other businesses and industries.

Business—Dun & Bradstreet, as of November, 1960, listed 323 business establishments in Carmichael, a five year gain of 142 per cent. It was the largest percentage increase for any community in Sacramento County. As of 1962 the business count registered was 504, an additional 66 per cent. It derives its prosperous economy from two principal factors: (1) Being the trading post of much of the large and rapidly growing suburban area, and (2) being the residence for several thousand persons who recieve their incomes from private industries and federal installations within a five mile radius.

Education—The San Juan Unified School District provides the kindergarten through twelfth grade educational program for the youth of Carmichael. Currently located within the geographic boundaries of Carmichael are six elementary schools, one special education school, three intermediate schools, and one high school. Sites for additional schools have been purchased and a new high school is being constructed. The San Juan administration office which serves as headquarters for the sixty-five schools located in the entire school district is also located in Carmichael. Over 44,000 students attend classes in this seventh largest school district in the state.

Homes & Parks—Every type of home is found in Carmichael from the spacious mansion to the most modest dwelling. Your initial impression of Carmichael will make you want to linger a while, and as you become acquanited with the opportunities for personal accomplishment in living—you will feel assured that Carmichael is the place. Carmichael Park containing about thirty-six acres of lawns and trees offers recreational activities such as picnic areas, barbecues, baseball diamonds, one soft-ball diamond equipped with lights for night use, a beautiful 100 x 50 swimming pool and bathhouse. There is a clubhouse for community meetings, parties, dinners and dancing; an outdoor dance slab for square dancing in the summer and a Garden House for use by Garden Clubs and other cultural interests.

Fire Department—Through the use of modern communications methods and fire fighting equipment operating from three new fire stations, Carmichael has been assigned a Class 4 rating by the Pacific Fire Rating Bureau. The district encompasses approximately 21 square miles and is about 3 miles wide by seven miles long. In 1962 the assessed valuation of the district was approximately $50,000,000.00. At a 78 cent tax rate the Fire District received $387,000.00. A Board of Commissioners consisting of 5 members and the Fire Chief act as the governing body.

Organizations—Churches of every denomination play a very important part in the life of the residents of Carmichael. Its clubs and organizations include Rotary, Lions, Chamber of Commerce, American Legion, V.F.W., P.T.A., D.A.V., Improvement Club, Kiwanis Club, Business and Professional Women's Club, Order of Eastern Star, Native Daughters of the Golden West, 4-H, Elks Lodge No. 2103, Suburban Sacramento Junior Chamber of Commerce, Carmichael Garden Club, Carmichael Toastmasters' Club, and Carmichael Young Womens' Club.

Your savings are insured to $10,000 by the Federal Savings and Loan Insurance Corporation, a permanent agency of the Federal Government. • Funds received or postmarked by the 10th of the month earn interest from the 1st of the same month and we pay postage both ways. • A family of three can have $70,000 in savings fully insured at General Savings and Loan Association. • You have complete flexibility in the use of your money when you save at General Savings. You can add to your account in any amount at any time, you may borrow against the account, and savings have always been readily available for withdrawal at General Savings. • Corporations, trust funds, executors of estates and many others are placing funds entrusted to them in insured savings accounts at General Savings. • Whatever your savings requirements may be, there is an insured savings account to fit your needs at General Savings and Loan Association.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)
